

The Pennsylvania Cannabis Coalition is a 501(c)6 trade organization comprised of Pennsylvania medical marijuana permit holders. Our purpose is to protect and preserve Pennsylvania's thriving medical marijuana market and add the Commonwealth to the growing number of states that regulate cannabis for adult use.

We help devise policy that regulates the sensible cultivation, distribution, and use of cannabis. We represent the current medical cannabis industry here in Pennsylvania. We advocate for a robust yet economically sensible regulatory framework. We continue to educate elected officials, regulators, and the general public about the need and benefits of cannabis-derived therapies.

Our team includes both industry and public affairs specialists with rich, domain-specific experience at the local, state, and federal levels.

PCC's Sponsorship Program is designed for businesses and individuals with a vested interest in the success of Pennsylvania's Medical Marijuana Market or a desire to help bring Adult-Use legislation to the Commonwealth.

Approximately 75% of the permit holders in Pennsylvania belong to PCC. PCC regularly engages in legislative and regulatory advocacy on behalf of the industry. Sponsorship affords the opportunity to network, learn and effect policy & rulemaking in the Commonwealth.

EDUCATIONAL PARTNERSHIP

As the cannabis industry expands in Pennsylvania the demand for skilled workers will increase exponentially. PCC is proud to partner with the Commonwealth's secondary education institutions. PCC can assist with securing faculty, guest lectures, career counseling and more. Educational partners can submit email copy to be distributed to PCC members, receive PCC communications, and use PCC's Educational Partnership Logo on cannabis program materials. There is no cost to become a PCC Educational Partner.
