

The Department of Health, Office of Medical Marijuana (the "Office") is committed to providing safe, effective, and compliant Medical Marijuana to patients, including the devices and instruments used to administer treatment. Provision of this list does not constitute pre-approval to utilize any instrument or device without first seeking the Department's approval as required. This list is being continually revised and, as such, may not contain all approved or denied devices or instruments. Rather, it represents the record in our possession at this time.

Device or Instrument Type	Device or Instrument Name	Device or Instrument Description	Device or Instrument Link	Notes
Accessory	Alcohol wipes			
Accessory	5/10 thread batteries			
Accessory	Boveda 1 Gram	Humidity pack
