

The Pennsylvania Cannabis Coalition is a 501(c)6 trade organization comprised of Pennsylvania medical marijuana permit holders. Our purpose is to protect and preserve Pennsylvania's emerging marijuana market. We help devise policy that regulates the sensible cultivation, distribution, and use of cannabis. We represent the current medical cannabis industry here in Pennsylvania. We advocate for a robust yet economically sensible regulatory framework. We continue to educate elected officials, regulators, and the general public about the need and benefits of cannabis-derived therapies. Our team includes both industry and public affairs specialists with rich, domain-specific experience at the local, state, and federal levels.
